## Keywords abstract and virtual

### Topics:

- Inheritance
- abstract
- virtual
- Polymorphism

## Polymorf animals

Create a console project with classes and hierarchy as shown above.

Use the code from `VirtualAbstractStart.zip`

Fill in the blanks. Output must be similar to this:

```
Dog - French Bulldog
Barking!
Yum bones
Cat - Siamese
Miauw!
Yum
```

That is – the animals species, breed, trick and feeding are displayed.
